

**COMMITTEE OF SUPPORT  
TO  
ELODIE LAMBINET**

**( Thirteenth Petition on June 22nd, 2010)**

**Elodie LAMBINET** will soon be 15 years old (in July, 2010).

Always no telephone communication with his(her) dad since January 17th, 2008 until it Day ! It becomes long!

The French Justice made a new decision on May 06th, 2010 , ( Court decision of Call(Appeal) of Versailles of May 06th, 2010) which specifies : more meetings with **Elodie** during two years, it is -to until May, 2012 !

His main arguments :

- No residence fixes in France on behalf of the father, **Marc LAMBINET**
- Questioning of the charges of 2000 and 2001 against him/her and suspicion" Of sexual touches "
- Culprit to have stuck posters for the " **Support committee to Elodie LAMBINET** "
- "Opaque" activity of the father
- Uncertain nationalities ...

In brief, " the man to bring(shoot) down " !

From May, 2003 till June, 2006, everything took place very well: 02 weekends a month and half of the holidays School. Always realized ! For the suspicions " of sexual touches " of 2000 and 2001, inquiries are not taken into account, " the classification without continuation(suite) " after a police custody and " The Prescription of Dismissal of the charges " after an indictment are not taken into account, because "ONE" begin again EVERYTHING since the beginning ... Indeed just like their Republic !

Posters were never stuck by him ... See on this web site in the menu "THANK YOU" in the column (section) "CERTIFICATE" <http://www.adire.us/>

Concerning **Marc LAMBINET's** activity, father, it is enough to consult the menus "LINKS" or LINKS" or still "CONTACTS" on the following web sites :

<http://www.omggwo.com> and <http://www.omggwo.us> and to verify the history of these both Companies, the one to the Grand Duchy of Luxembourg and the other one in the Nevada - the USA ! Balance sheets (Assessments) are Published !

Obviously, it is not as Re-releasing Frenchman(French people) whom these two Companies have created.

As regards the Association Law 1901 - ADIRE - it is as Re-releasing Frenchman(French people) and it is only of the "Voluntary work" to help the Researchers in their agonies ...

Here we are, we shall find us in May, 2012, for the continuation (suite) in the next number ... By the way, it not Nothing in May, 2012 says to you: a pure fate ! Completely all right !

Thanks to the Elected representatives and to the Elected representatives who agreed to sign this Thirteenth Petition on June 22nd, 2010 Favour of **Elodie LAMBINET**: in spite of they are at the bottom of their mountains, we think in They.

We shall remember it ...

Thank you for you all who think from time to time of the history(story) of Elodie and his(her) Dad, Marc LAMBINET, separated from any communications and " of display device " thanks to a current system Of implosion and in any case in complete decay. For those who do not believe in it, patience, Patience ...

Thus, at the moment, two years of complete " blackhout " and then we shall see ...

Indeed to you, June 29th, 2010
