

**Report of the information of Committee Meeting of Support
to
Elodie LAMBINET**

In September 28th, 2009, Hall Barthou, in the City Hall of Oloron Sainte-Marie (64)

First, we thank very sincerely the Mayor of Oloron Sainte-Marie, **Sir Bernard UTHURRY**, to have agreed immediatly to allow us to make our meeting in the City Hall of Oloron Sainte-Marie.

We also thank his **Secretarial Department** as well as his staff for having made all that it was necessary to be pleasant to us.

We also thank the **Daily Sud-Ouest** and **Radio Oloron** for their participation in the spreading of information relative to this meeting.

As for others media, the Republique des Pyrénées (in Pau), the Eclair (in Pau), France 3 Pau Sud-Aquitaine.... **NOTHING !**

Any announcement, total indifference. Some people said to us that this affair was not “ of local region “ and that locally it would have no impact. Others announced us their working overload and their schedule made in advance, which could not insert our announcement (a simple verbal announcement would amply have delighted to us). On the other hand, nobody of them suggested announcing it in regional and national media or in their national management.

By another way, we noticed many “ **observers** “ with phone, as that this affair take an interest for others persons that the simple ordinary; we know all that this affair is political and that it hampers a lot of people.

The fact remains that the report of the information of **Committee Meeting of Support to Elodie LAMBINET** will be very brief and fast :

NOBODY HAS COME !!!

This affair no being mediatized, it interest nobody.

We shall remember !!.

It is promised !.
