

REPORT of the SUPPORT COMMITTEE of ELODIE LAMBINET FOR YEAR 2012

Year 2012 was one year without ANY result !

This affair is a political affair too much "ardent " .

The solutions are nevertheless simple : **allow Elodie to speak to his father by telephone and " of display device " before its majority, because after the door will be definitively closed !**

In spite of all the incoherence and the dysfunctions were found and were denounced in this affair, nobody moved the little finger ! Everybody messes it !

What about today ? NOTHING !

And in seven months, **Elodie** becomes major, thus, more need for nobody ... ! And each will continue the small quiet, carefree life, without regrets, without ...

Why do not the interbald persons want to react to this file ?

These persons are afraid of what ? Nobody knows it ; undoubtedly some have things to blame itself ! But, patience, patience, ...

As for **Elodie**, this year of 2012 represented many obstacles, many changes, many difficult choices, but ... maybe it found its "balance" and its "Way" in the Life : we deeply wish it to her ; she must know that she always has a "Dad" who thinks of her, and on which, she can, and can always matter count ! She just has to act !

As for the French Justice which blames him (to his father) for having for " opaque activities " (op.cit.), she does not go out of it "ennobled" nor very "brilliant" in this affair ... She has only a haste: get rid as quickly as possible of this file in which she got entangled, and to forget it as quickly as possible ... : "Case closed" ... !

And here is how files are sent, by playing on the slowness, the tiredness, and the time, imagining that things are forgotten, and later, we wonder that there are more and more "dysfunctions", "blockings" of all kinds, in brief, that nothing more goes, and that everything plunges ... : " Fuss to follow " ... !

Nevertheless, our fight continues and we shall release nothing !
